## County Schools Prepare For Christmas Holidays

### It's Hancock, Corps Picks Office

**Mr. Stennis**  
How to sell Uncle Sam on naming the new lunar landing test site in Hancock County for the signer of the Declaration of Independence after which the county is named apparently is the latest selling job before the county board of supervisors.

standing scientist or person who has made a real contribution to the country in the field of space and aeronautics. For instance, the facility at Huntsville, Ala., is named after the late Gen. George C. Marshall and the facility in California is named the Goddard Space Flight center after a scientist.

Yuletide programs are slated at most schools throughout Hancock County prior to their closing next week for the Christmas holidays.

Classes in the Bay St. Louis Separate Municipal School District will end next Friday afternoon, Dec. 20, and will resume Monday, Jan. 8. The same holiday schedule will be observed by the county school system.

A program of Christmas carols will be presented by the Bay High School chorus under the direction of Mrs. Toy Tedford at 8 p.m. Monday as the principal holiday exercise. The 50-voice chorus will sing familiar carols while 25 students will take part in tableaux depicting each event, following scriptures from the Bible.

Classes at Our Lady of the Gulf Parish School will be dismissed at noon Wednesday for the holidays. They will be resumed Thursday, Jan. 4. The school choir will present a program for the Parents Club meeting next Thursday night.

Christ Episcopal Day School also will close for the holidays at noon Wednesday and pupils will return to classes there Jan. 8. Seniors at St. Joseph Academy will receive their class rings next Wednesday morning and classes will be dismissed for the season at noon. School resumes Jan. 4.

The recently reactivated band at St. Stanislaus College will present the Christmas program for the student body there next Wednesday morning before the holiday begins at 2:30 p.m. Classes will resume Jan. 3. Four new instruments which just arrived will be used by the band next Wednesday. They are a trombone, trumpet, clarinet and piccolo, Brother Dacian, principal said.

The senior ring ceremony at St. Stanislaus will take place at 11 a.m. Sunday in the chapel. Parents are invited to attend. Rev. Michael Kelly will bless the rings before distributing them and discussing their significance.

Also closing next Wednesday will be St. Rose de Lima School. Their vacation will end Jan. 2.

**Postoffice Girds for Yule Rush**  
The U. S. mail is getting ready for the Christmas rush. Joseph J. Scalfidi, assistant postmaster, announced this week that the Bay St. Louis Postoffice will be open until 5 p.m. this Saturday, Dec. 16, and next, Dec. 23, as well as next Wednesday, Dec. 20. The windows normally close at noon on Wednesdays and Saturdays.

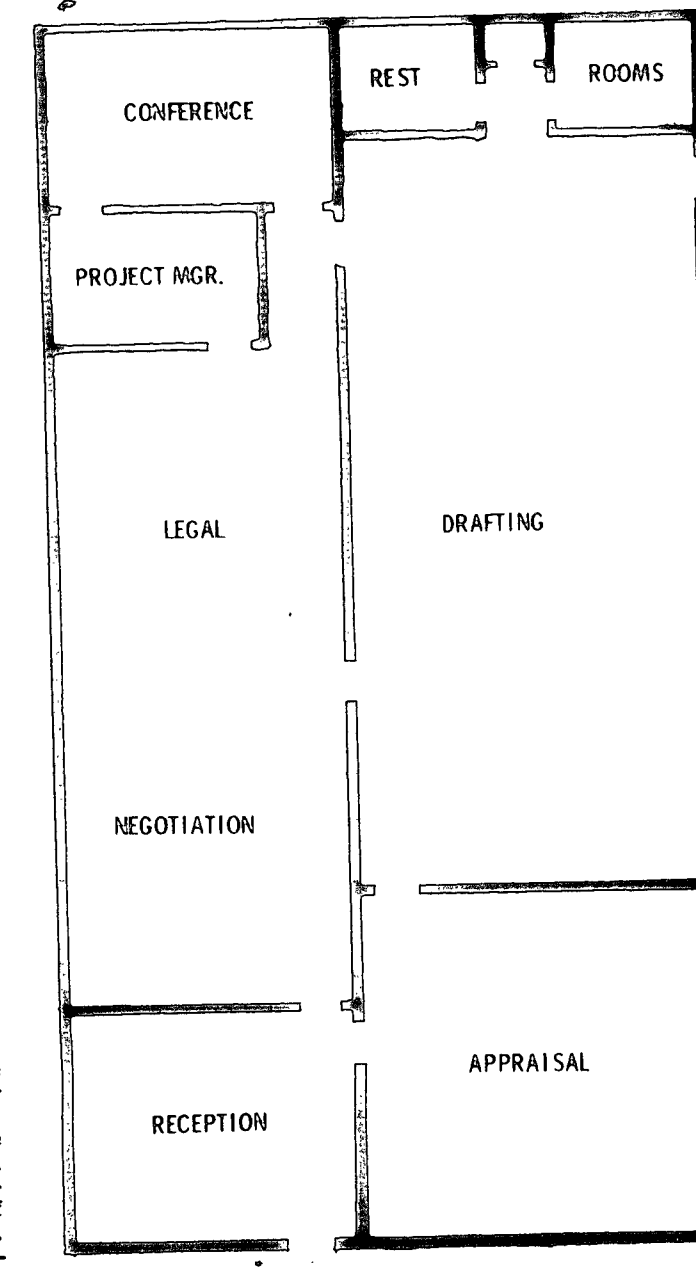

No mail deliveries, except for parcel post shipments, are contemplated on Christmas Eve, Sunday, Dec. 24, and the weary postmen will have a holiday until Tuesday, Dec. 26.

Scalfidi said Christmas mail is moving smoothly at this stage with many persons following the traditional advice to mail early. The rush will be absorbed by the regular staff and with no additional personnel to be hired.

The public can reduce the postal employee chores considerably, he added, by bundling their outgoing mail in packages designated for out of town and for city delivery and putting it on the counter.

**18 Finish Fallout First Aid**  
Eighteen persons have completed the classes in the radioactive fallout first aid held recently under the instruction of James A. Fillingame. The course lasted five weeks with two hour lessons once each week.

Those completing the course: Mrs. John Middleton, Cecil Williams, Mr. and Mrs. Edward G. Virgilio, Mrs. Lucien Kidd, Mrs. Bert Savage, Mrs. Jeanne Williams, Mrs. Margarette P. Smith, Mrs. Clara C. Ward, Bill McCannell, Charles Arnold, Mrs. Charles S. Mitchell, Mrs. L. F. Wagner, Jr., P. E. Parker, Mrs. Donald Brewer, Mrs. C. C. McDonald, P. J. Jones, Wood, and Mrs. James Wood. (Cont. on Page 4.)

**ENGINEER'S OFFICE** - John J. McDonald, president of McDonald Realty, disclosed this week that the real estate firm had contracted to provide space as sketched above to the U. S. Corps of Engineers on Main Street next to King Dollar Store. A 25-foot frontage addition will be added to the present building to provide the needed 3,500 square foot of air conditioned space required. McDonald reported that work was already underway although the contract had not yet been returned from Washington. While the lease agreement contains the standard 30-day cancellation clause required by the government, he said he expects the Corps of Engineers to use the building for about three years.

**Heavy Rains May Speed Repairs to Courthouse**  
More rain damage at the Courthouse may force the board of supervisors to proceed with extensive repairs and expansion of the building which has been recommended by several recent grand juries.

The board discussed the situation at its meeting Monday after heavy weekend rains once again soaked the building. Records and equipment in the superintendent of education's office.

While no formal action was taken, President R. G. Hubbard, Jr., Chancellor Clerk Claiborne Leiner and Sheriff Gerald V. Price were authorized to confer with Architect Fred Wagner to secure an estimate on the cost of undertaking a complete expansion job as well as repairs to the leaks.

Hubbard first suggested a one-half mill levy would reduce that \$8,000 a year to finance the project on a loan basis but Attorney Lucian M. Cox advised

getting an architect to look over the whole proposition as the initial step. Price suggested using prisoners for painting to reduce that cost.

The tentative plan calls for expansion of the chancery clerk's quarters by an addition at the east front of the Courthouse, more room for the new circuit clerk's office and for the sheriff and a corridor connecting the jail with the courtroom on the second floor for easier handling of prisoners called into court.

On the motion of Charles Lovinghouse, seconded by I. M. Frierson, purchase of an adding machine for the superintendent of education's office was authorized as an emergency measure because of water damage to the old equipment.

**Rains Drench Area in Week**  
Nearly an inch and a half of rain was recorded at the Rocky Hill Tower from Friday through Tuesday, Wilfred Westbrook, dispatcher, reported. Heaviest rainfall was on Sunday when 3.55 inches was recorded. During the 24-hour period ending at 2 p.m. Tuesday 1.75 inches fell. For the five days, rainfall totaled 6.33 inches.

Westbrook said the precipitation had eased considerably the threat of forest fires and most areas were draining rapidly because of hard grounds as a result of the prolonged dry weather.

**Correction**  
Last week's Echo mistakenly stated that Paul Egloff was appointed by commission council to the Parks and Playgrounds commission. Egloff was appointed a city policeman.

### NASA Men Tour Area, Test Site

Six officials of the National Aeronautics and Space Administration took a "hush, hush" tour through Hancock County and their proposed test site area last Thursday, R. G. Hubbard, Jr., president of the board of supervisors, told the board at its meeting Monday.

The visit was arranged by David H. Newby, associate department director for administration of the George C. Marshall Space Flight Center, Huntsville, Ala., with H. H. Shattuck, chairman of the Industrial Committee of the Hancock County Chamber of Commerce.

Those coming from Huntsville with Newby were George Costan, Manager of the Michoud operations; Chauncey Hutch, chief technical services; Marion Kent, department of chief tech. services office; Harvey Aden, chief of the engineering branch, and Dr. E. W. Neubert, design engineer.

Joining the group for the tour was Rep. William C. Colmer and his staff assistant, Bill Stewart. Local civic and government meeting with and escorting the group throughout the area were Ray Gordon, president of the Hancock Chamber of Commerce, Hubbard, Mayor John Scalfidi, of Bay St. Louis; Cyril Glover and Warren Traub, city

The group had lunch at Haverly's in Waveland and then in a caravan of four cars toured the area. Buffer zone boundaries and test site boundaries had been marked on the visitors could easily determine the site location. The route took the group out U. S. 90 to the intersection with Rt. 443, via Westonia to Nicholson, with side trip to eastern section of buffer zone, then to Gainesville, Logtown and Pearlinton.

The group was escorted to International Airport Thursday evening by city officials.

**Legion, Star Yule Parties Set Dec. 23**  
The gala Christmas party given each year by the American Legion and Star Theater is scheduled for next Saturday, Dec. 23, beginning at 1:30 p.m.

Children of the community will attend a movie and be treated to popcorn at the theater, going across the street after the show to the Legion Home where Santa Claus will be on hand to distribute toys.

### Trailer Law Advocated by Board Lawyer

Prohibition of the establishment of trailer courts in Hancock County without approval of specifications by the board of supervisors was advised by Lucien M. Cox, attorney for the supervisors, at their meeting Monday.

His comments came after Board President R. G. Hubbard, Jr., inquired whether Cox would assist with formulation of a zoning ordinance deemed necessary to cope with the anticipated population influx from the NASA installation.

Cox said he would advise such action on the basis of public health, safety and welfare, less the county run into an assortment of sanitation problems.

He also suggested when Hubbard raised the question that the next legislative might be asked to pass a measure requiring building permits for every new home erected in the county because of the tax emergency created with NASA taking over such a large portion of the county.

Prospects for a Bay High football stadium for next fall loomed a little closer after Monday night's meeting of the board of trustees of the Bay St. Louis Separate Municipal School District.

While Superintendent Joe D. McCullough's request for permission to engage an architect to plan and supervise the construction of a stadium was turned down, at least until the January meeting, the board instructed McCullough to get an estimate

of the cost of meal supported bleachers of various seating capacities.

Board President Robert Hamilton agreed to get an estimate on construction of the field itself and Trustee Don McCullough will get an estimate from Mississippi Power Co. on costs of installation and operation of flood lights. These estimates will be taken up by the board at its January meeting.

In connection with hiring an architect at this time Hamilton expressed the view that for construction of bleachers and installation of flood lights an engineer, not an architect, might be needed, but that Mississippi Power would probably do the engineering work and the bleacher manufacturers would erect the bleachers. For laying out the field he felt there was no need of an architect, since drainage would be the main problem there and this also called for an engineer, adding that he doubted if any architects in the area had ever

### Industrial Arts School Near Ready

Bay High's new industrial arts building should be in use when school reopens after the holidays as the representative of the Mississippi Education Finance Commission, due here next week, approves the construction. This was decided piecemeal at Monday night's regular meeting of the Bay St. Louis Separate Municipal School District's Board of Trustees.

The board itself inspected the building with Fred Wagner, architect, and several members will again go over the addition with the state's representative when he is here. Later in the meeting the board approved payment of \$7,047.36 to the architect, making a total paid of \$2,696.20 and a balance due of \$13,631.80, representing 10 per cent of the contract price which will not be paid until the construction is approved by the state.

The board also authorized a change order for the new building which will cost \$265.

To Board President Robert Hamilton's query as to what new equipment would be needed for the building, Superintendent Joe McCullough replied that he (Cont. on Page 5.)

## Just Ruminating

As a result of trips by local officials to NASA locations at Cape Canaveral, Fla., and Huntsville, Ala., and the advice of local officials there, Hancock County's three governing bodies have been busy organizing and planning to make the expected impact of NASA's Mississippi Test Facility an advantageous to the area as possible with little dissipation, confusion and harm.

This planning and preparation is needed. Otherwise many of the county's attractions for those who might be with an occasional or permanent could be minimized or lost. As things now stand, we believe the Bay-Waveland area and Hancock County in general have by far more to offer than does either Piquette and Pearl River County or Slidell and St. Tammany Parish.

This planning and the implementation of it requires work, and lots of it, by many more persons than elected officials, the board and committee of the Chamber of Commerce and the others who have so far made real effort. It requires an effort by all the organizations and people who wish well for the county. Those who are only interested in making a quick buck, the speculators and the profiteers can be no help.

Notwithstanding this need for proper planning, fact and interim action is probably needed in several directions. Ordinances regulating various aspects of subdivisions, house trailer parking facilities and other problems likely to arise with an influx of migratory construction workers at the Michoud plant and at the test site will be needed soon, even if experience dictates modification later.

While we are sure we don't know of all the energy already expended to induce those in the test and buffer zones to relocate in Hancock County, certainly we know of less organized effort in Hancock County for this purpose than a casual look at the Piquette Item shows Piquette to be doing, whether it's finding needed finances or a place to which a church may be moved. There are many things, little, big and in between, that might make the difference in a family or a church's congregation deciding to continue to live in Hancock County or to move away.

Proper planning, whether for schools and hospitals, sewerage or water, zoning or streets, is needed, but so is action where people must move in less than six months. With its advantages Hancock County stands to gain more from the Mississippi Test Facility in the county than does any other area. Unless we proceed wisely and, where possible, quickly, our county also stands to lose the most.

## Good for Both

Mr. Ned O'Brien, head of Mississippi A and I Board's travel department, was speaker at the first annual Christmas party given jointly by the Gulf Coast's motel, hotel and restaurant owners. As director of the travel department Mr. O'Brien is responsible for spending the relatively small amount, \$196,000, the board spends a year to advertise Mississippi to prospective tourists.

Along with most we knew that the tourist business was big business—almost \$400,000,000 a year in Mississippi. We knew that most tourists travel by automobile, but didn't realize that 85 per cent of them did. In so far as Hancock County is concerned we usually refer to it as no resort area and not a tourist center, because of the large number of our summer residents who either own a house here or rent for a protracted period of time.

While Harrison County, particularly in the Biloxi area, depends on tourists in the conventional sense far more than does Hancock County, our businesses along U. S. 90 are largely dependent on tourists and this highway is the major route to Harrison County. Furthermore, what helps our neighbor and our state also helps us.

These transient tourists already have real importance to the county, but Mr. O'Brien stated no fact something that with a little push could cause a marked increase in the tourist business of the county. He said that of the thousands of families or individual choose a place for a vacation the top reasons on the list is outdoor recreation, whether it be boating, fishing, swimming, hunting or what. The majority of Mississippi's advertising will be aimed at this group during 1962, he added.

In outdoor recreation, except swimming, Hancock County has, we believe, much more to offer than does Harrison County for instance. In our efforts to attract industry, which does provide a more stable economy than do tourists, and in our preparations for those connected with NASA, we should not overlook the possibility for increasing the county's income from tourists through providing more and more accessible recreation facilities. In addition, recreation is one of our major attractions to sell to industry and to the permanent personnel at NASA's test facility.

Harris' heard much about a public boat launching ramp recently.

## On the Ball

At first blush the importance of Coast Electric's repayment of almost \$70,000 of capital contributed by members during 1944, 1945 and 1946 would appear to be the favorable economic impact on the recipients and the merchants in their area. That it was done unexpectedly and right before Christmas heightens this impact.

Other more important aspects, it seems to us, may be symbolized by this action of the cooperative utility, and cases that are not related to the tax advantages, state and federal, we think cooperatives properly enjoy.

Two factors, favorable to Coast Electric, particularly impressed us. First, this electric cooperative has provided electricity and service for electric appliances to most of rural Hancock County, a large part of which otherwise might still be without this needed source of energy. In addition, notwithstanding the 10 per cent cut in rates made in 1957, the utility has amassed sufficient reserves to permit repayment of the "profits" it made in 1944-46 and withheld to use as capital.

Coast Electric's present and prior boards of directors and its management should be commended for efficient operation of a "public" utility—something frequently difficult to accomplish.

Mr. T. A. Birdsong, Mississippi Commissioner of Public Safety, announced Tuesday that, in an effort to reduce the heavy death toll from automobile accidents December usually brings, every available man in the Highway Safety Patrol will be used on the highways. This includes investigators, license examiners and any others qualified. Mr. Birdsong also advised that radar would be used extensively.

The commissioner listed as factors contributing to December's accident record: weather and road conditions, heavy traffic, increased pedestrian traffic and fewer hours of daylight. He left out two major causes: the spirit and spirits of the holidays.

## Rocky Hill Tower To Sell Seedlings

Tree seedlings in limited numbers will go on sale Wednesday at the Rocky Hill Tower, Area Forester Glenn Purvis announced this week. Shipments are being made from the Mississippi Forestry Commission's nurseries at Winona, Mount Olive and Waynesboro.

Purvis also said orders are being accepted for longleaf, loblolly, slash and shortleaf pines, and hardwood species green ash, black locust, cypress, and sweet gum.

Prices for the seedlings are \$4.50 per thousand, plus a \$3.50 delivery charge per thousand to deliver the trees to a central point in the County. If seedlings are to be picked up at the nursery, the delivery charges may be omitted.

Any landowner who has not ordered his seedlings may fill out a tree seedling application and send it to Purvis of the Hancock County Agricultural Worker

## Pass High, St. Martin Mar SJA Winning Streak

The St. Joseph Academy Gold Jays saw their hopes of an undefeated season ended last week when Pass Christian defeated them 49-44 Thursday night and St. Martin of Biloxi followed through with 43-40 up-sets over SJA Monday night.

The Gold Jays fell behind early in the St. Martin game, shooting poorly from outside, and trailed 11-3 after the first quarter.

or of the game played in Biloxi. SJA, outscored the Yellow Jackers in the second period but still trailed 22-16 at halftime. St. Joseph again scored big in the third quarter, and the Yellow Jackers took only a 32-29 lead into the fourth stanza. SJA couldn't catch up, missing the chance of star guard Ernie Arrington out with an injury, and St. Martin held on to their slim lead.

Mary Jo Krieger, Gold Jay scoring leader thus far this season, led the way with 17 points for St. Joseph, but Faye Meyer of St. Martin had all scorers with 19 markers.

The Gold Jays outscored Pass Christian from the floor in Thursday's game, but they proved to be the difference in the closely-fought game.

Cassie Rhodes led the St. Joseph scoring with 20 points and was closely followed by Mary Jo Krieger who tallied 19. The Gold Jays, despite the two defeats, still boast a 10-2 record, and the two teams to beat them, Pass Christian is 4-1 and St. Martin is 6-1. The Gold Jays returned to action Wednesday night in the St. Martin Tournament at 6 p.m. against Ocean Springs, and the local club was heavily favored to win the first-round game.

ROOT 'EM HOME - Happy North Central Hawk fans cheer as the Hawks continue to rock up one victory after another. The Hawks topped Bay High in this one - 72-54.

## Jones Cagers Lose In Semi-Finals

North Gulfport and Piquette won first place trophies last weekend in the annual Valena C. Jones Christmas Basketball Tournament. Sixteen teams participated in the event.

North Gulfport won in the girls' division, defeating Piquette in the finals. Piquette had eliminated the host Valena C. Jones earlier by a close three-point margin.

The girls' first place trophy was beaten by Piquette in the Saturday night tournament finale. V.C.J.'s boys and girls teams won opening round games, but both lost out in semifinal activity.

The girls won over Nicholls High School 32-27 in the first round before bowing to Piquette. The boys eliminated Nicholls 42-35 in a Friday afternoon game, only to be beaten the next day by Piquette.

Leading players for the V.C.J. girls were Yvonne Thomas and Carolyn Price at the forward positions and Betty Osborne and Rosaline Sales at the guard slots. High scorer for the boys' quarter was Thomas Robertson, and he was aided by Justin Smith. The

tournament games were the first contests of the season for the local squads.

Participating in the event were boys and girls teams from Moss Point, Nicholls, Piquette, Poplarville, Randolph of Pass Christian, St. Rose de Lima of Bay St. Louis, North Gulfport, and V.C.J.

J. S. Price, principal, expressed his appreciation to the public for helping make the affair a success, and noted that the tournament was well attended. Trophies were awarded to the champions and runners-up in both divisions.

Jones will play their first regular season game of the year tonight in the local gym against Randolph High School. The girls game is scheduled to begin at 7:30 p.m. with the boys game to follow immediately.

### But Tigerettes Win

## Hawk Boys Dump Bay High Cagers

Hancock North Central and Bay High split a basketball doubleheader Tuesday night at North Central the Hawks winning the varsity boys' game 72-54 and the Tigerettes posting a 48-23 win in the girls contest.

The Tigers led for only a short time over the Hawks, early in the second quarter, before North Central pulled away to an easy victory.

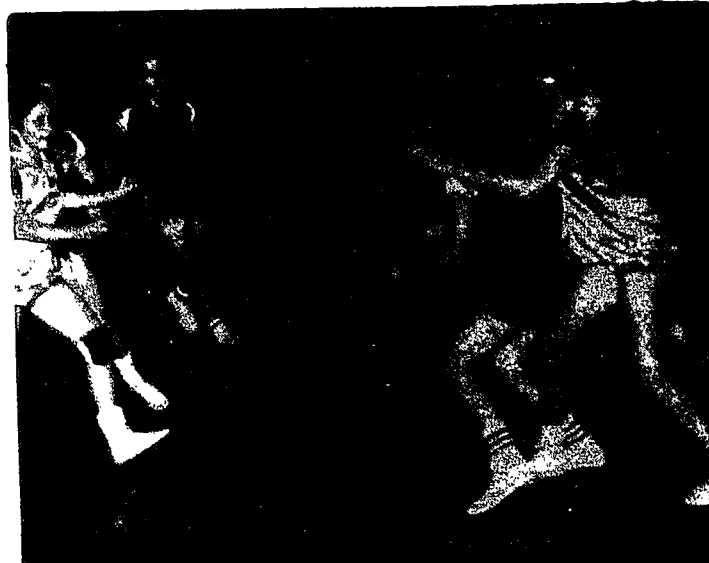

Berlin Ladner led the Hawk attack with 19 points, center Lionel Hoda added 14, and Eugene Ladner contributed ten points to the well-balanced scoring which included points for all ten of the Hawk cagers seeing action.

Ronnie Peterson, averaging 24 points a game for Bay High, led the Tigers with 23 points. Forward Richard Schaefer was the only other Bay High player in double figures, scoring 11

points. Sophomore guard reserve Leroy Luke also scored well for the Tigers, picking up eight points in the fourth quarter.

The Tigerettes started where they left off Saturday night at Ocean Springs, and had an easy time beating the Hawkettes, Carol Bourgeois, Susan Doering and Glenda Kennedy all scored well for the Bay High girls, and guards and Nita Kay Erwin kept the North Central score down.

Bay High returns to action Thursday night in the St. Martin Tournament. For Coach Billy Sills' Hawks, the win kept alive their undefeated record which is now 7-0. Bay High, under Head Coach Wilmer Seymour, now sports a 2-3 mark and the Tigerettes, after dropping four straight, are 2-4.

NOT TOO CLOSE - Forward Janell Ladner of North Central comes to rescue of a closely-guarded teammate, Bay High's Marie Peterson swarms over No. 44 and Nita Kay Erwin keeps another Hawkette forward from aiding her fellow-team member.

### Jaycee Bowl Jan. 14

The Second Annual Jaycee Bowl will be held at St. Stanislaus Stadium at 2 p.m. Jan. 14, when the Piquette and Bay St. Louis Jaycee grid teams will tangle.

Last year's game was played in Piquette with Piquette winning by a score of 7-6. Last year's close score is an indication of the team competition between the two clubs and this

year's game promises to be not only highly competitive but a real football battle, which will feature en-stars of high school and college from the intercity areas.

Advance tickets will be on sale shortly at Jerome's Department Store, Manfry's Hardware, Kern's 5 and 10 in Bay St. Louis and other places in Bay St. Louis and Waveland.

THIS IS THE 1961-62 STANISLAUS VARS TY

NORTH CENTRAL BOYS SWAMP POPLARVILLE

## Caceres Scoring Leads Win

St. Stanislaus won its third victory of the basketball season Monday night by defeating St. Bernard, La., 49-34. The Rockchaw made a clean sweep of the night's doubleheader with a 36-31 win in the junior varsity game.

Waldo Caceres, the squad's leading scorer thus far this season, led Stanislaus to victory with 20 points. Nodie Ladner, also a top scorer in early season games, added 15 points to the total. Souk was the high point man for St. Bernard, scoring 15 points.

St. Stanislaus played Our Lady of Victory Wednesday night in the Rockchaw gym, and plays St. Bernard here Sunday afternoon, and St. John's of Gulfport Tuesday night when the Rocks will try to avenge one of the two losses they have received. Junior varsity games will precede the varsity contests, and starting times for the two night games are 6:45 and 8 for the J.V. and varsity games respectively. Sunday's J.V. game will begin at 2 p.m. with the varsity headliner to follow.

## Hoda, Ladner Pace NC

Paced by Lionel Hoda and Berlin Ladner, Hancock North Central's basketball squad made short work of Poplarville in the Hawk gymnasium Friday night, winning 73-48. The Hawks had managed only a one-point margin of victory over the same squad the previous week in the Poplarville Invitational.

Hoda dumped in 24 points and Ladner got 23 as the Hawks ran away in the second half after leading 29-17 at halftime. Swalley was high for the visitors with 11.

The Hawkettes lost again, however, the Poplarville girls winning by a 48-24 margin. Jonell Ladner was high for the home team with 11 points.

Bobby Necaise got the Hawk junior varsity off to a fast start as they swamped the Poplarville B team 50-28. Necaise tallied 25 points to pace the scoring. None of the Poplarville boys managed to get in the double figure column.

**JUST IN CASE** - This 8x12 foot room designed to house six people as a fallout shelter is being erected by Dr. W. Sacks, New Orleans chiropractor, at his summer home on Marcus Drive in Waveland. It is being built by Albert Grass in the rear of the property with government specifications which call for reinforced rods at proper spaced intervals and ventilation through a three-inch steel pipe with a filter at the top above ground. Two coats of hot asphalt tar will be applied to make it waterproof. An 18-unit fallout shelter is proposed by Kenneth Thompson of Third Street, Waveland, with quarters in a quadrangle around a family room if the necessary number of families will participate in the project. Interested persons may call Thompson or Rev. Charles Johnson.

**14 Bay Men Among New KC Initiates**

Fourteen Bay St. Louis men were among the 36 candidates who were initiated into membership in the Knights of Columbus in ceremonies Sunday at St. Paul's Catholic Church in Pass Christian.

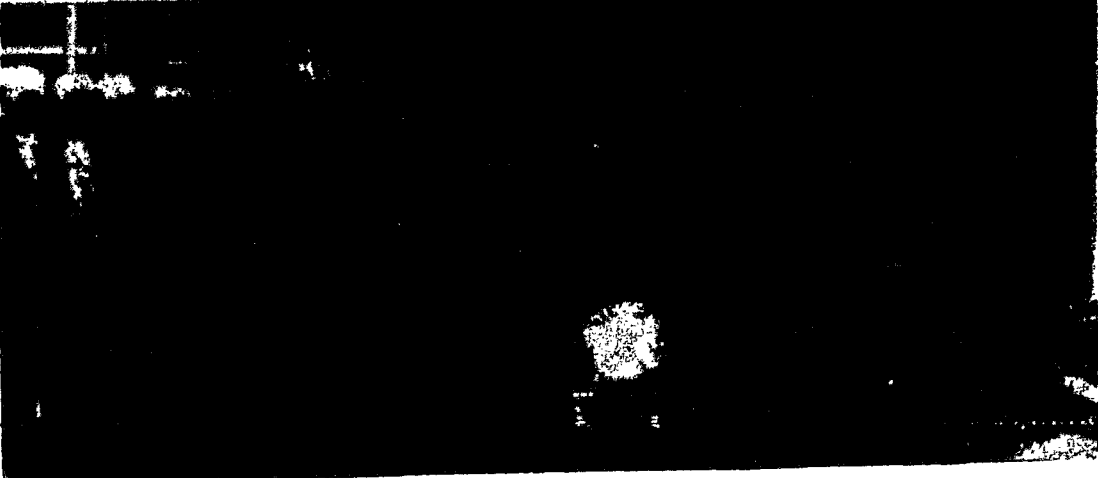

Monseigneur Leech, Council #472 was host for the exemplification of the first three degrees at one of the most significant initiations held on the Gulf Coast in many years.

More than 40 members of the Pere LeDuc Council of Bay St. Louis attended the ceremonies which began with registration at 6:30 p.m. A special mass was celebrated by Rev. Duval J. Hilbert of Pass Christian who later joined the group to be initiated as he also was a candidate for membership.

Local men receiving the honors of membership were Dr. Martin J. Wolfe, Jr., Jody Bradford, David Treneal, Robert

Goodsell, Charles Ladner, Terry Scalfide, Anthony Lofacano, Norman Green, Addison Bouda, Richard J. Berry, August Ramet, Curtis P. Colson, Richard Morreale and Rev. Gerard Michael Cleary, new assistant pastor of Our Lady of the Gulf Church.

The class was named in memory of Larry W. Reid. Participating in the program from Bay St. Louis were Sam Compretta who was in charge of the Goat and Anthony Morreale who was chairman of the food committee.

**FOURTH DEGREE COLOR GUARD** - Members of the color guard for the Fourth Degree, Knights of Columbus, on the Gulf Coast at the exemplification rites at Pass Christian Sunday included from Pere LeDuc Council Arthur Chapman, Alden Mauffrey, Henry Lang and Albert Grass. Sam Compretta, keeper of the goat, poses with the mascot, A. D. Koenen of Gulfport, master of the Fourth Degree for the Mississippi jurisdiction, is fourth from left in the front row.

**Scouts Reelect Mestayer**

R. F. Mestayer, Jr., was re-elected chairman of the Bay St. Louis Boy Scout district at a recent district meeting.

Warren Buehler was chosen vice chairman while Carlos Arnold was re-elected district commissioner.

Appointment of committee chairmanships included James Fillingame, health and safety; L. S. Elliott, leadership and training; Larry Mauffrey, organization and extension; David Treneal, camping; and John Ruthenford, finance.

Arnold conducted a roundtable

**Ducote Takes Part In Field Training**

Army Sgt. J. Ducote, whose wife, Jean, lives in Picayune, recently participated in Exercise Brandy Wine, a field training exercise involving some 26,000 troops in Germany.

A medical aidman in Headquarters Company of the 37th Engineer Group's 299th Battalion which is regularly located in Hochst, he entered the Army in 1948 and was stationed at Fort Carson, Colo., before his arrival overseas last January on this tour of duty. Ducote, 33, son of Mrs. Frances Malone, is a 1946 graduate of Ford High School, New Orleans, and is the son of Sylvester M. Adam, Bay St. Louis.

**K. of C. News**

The repair and renovation of the K. of C. Home has finally had a beginning. On Monday night the following members began the initial work of removing partitions, flooring, etc., in the two rooms on the west entrance: Wallace J. Bontemps, Chester Fevre, George Heitzman, Albert Garcia, Jr., A. J. Meier, Leroy Lake and Charles Schneider. This area will be renovated into one large reception room. The entire hall will be renovated and repaired in various stages in order not to interfere with council activities. This volunteer group met on Wednesday night and all other interested members are invited.

We are happy to note that Andy Becker and Nellus Favre are now at home. Nellus is back at work and Andy will be still confined to his home for several days.

Apologies are extended to Albert Garcia, Jr., whose name was omitted from the list of committeemen on Catholic Action.

**Pfc. Adam Assigned To Transport Unit**

Army pfc Sylvester M. Adam, whose mother, Mrs. Anna M. Bertucci, and wife, Cheryl, live in New Orleans, was recently assigned to the 356th Transportation Co. at Ft. Rucker, Ala. The 22-year-old soldier is a 1958 graduate of Ford High School, New Orleans, and is the son of Sylvester M. Adam, Bay St. Louis.

### At Waveland

Just as we could tell that Thanksgiving was very much on the way when pictures of Santa and his eight tiny reindeer filled the editions of the papers around the middle of October, we are now aware that Christmas approaches - "into Spring" fashions grace almost every page, which is perhaps just as well - at the present season light cottons are infinitely more appealing than mink. (Strictly sour grapes, NOTHING is more appealing than mink) - It is damp, foggy and WARM and the thought of addressing Christmas cards when we could be crabbing or fishing while wearing shorts is rather unappealing, so we'll do neither - instead we'll fight this dismal black monster known as a typewriter and try to bring forth a bit of news for our readers to digest in their spare time. If there is such a thing!

### St. Clare's Yule Party

Let us forget - the annual Christmas party for the children of St. Clare's Church will begin at 2 p.m. Sunday, at the parish hall. Santa will be there with gifts, fruit and candy to distribute. Jimmy Lagasse, president of the Holy Name Society which sponsors the affair, expresses his gratitude to all who attended the recent host dinner Sunday, despite frankly miserable weather - all funds from the dinner are used to purchase presents and refreshments for the children attending the party.

Note of thanks - To Cleve Edwards of the Louisiana Conservation Department on duty at Grand Pass, for his generous check, a donation to the Dr. A. P. Smith Fund - Cleve read (in the Echo, of course) that donations were still needed in order to purchase the new type incubator for the hospital in memory of Dr. Smith - and immediately mailed his much appreciated contribution. Thanks, Cleve.

### Get Well Wishes

We're kind of stampeded with these this week, but quite a bit of good news is included - Charles Bradley, who has been a patient in Veterans' in New Orleans for several weeks was allowed to come home on Monday. - Charlie Mollers is also home from the hospital at long last - Borgeles and brother-in-law Sam Borgeles, who both had eye surgery in the Crescent City last Thursday are well on the mend. Helen will have a similar operation on the other eye when the first has healed completely - The eye patches gave them sort of piratical appearances. - Another of our friends, Molly (Mrs. Dave) Casey, is scheduled for surgery in the next week or so and Marilyn (Mrs. Kenny) Fayard sprained her ankle in a fall last Friday night - most inconvenient with an active little boy to huddle after. - hope they're all much, much better soon.

Welcome to Waveland Mr. and Mrs. James Sauer (Mrs. Sauer is the niece of Mrs. Marcel Gills), who recently purchased the Beach home formerly owned by Kitty and Otto Mollers - Mrs. Mollers and her, Belle Penrose were the guests.

Quite a festive weekend with large Christmas parties at the Pass Golf Club and the B-W Yacht Club. - among those slipping champagne at the Pass festivity were the E. V. Landachies, Betty and Gerald Kennedy, Doris and Dick Merritt, Jo Gex who was responsible for the attractive seasonal table decorations, Bernice Flinn, the Vic Leavess, Zaida and Ken Walsmann (Zaida catered the affair), Ruth and Mac Ballatin, Men's brother, Norman, Kate and Roy Saux, Peggy and Floyd Hayting and a host of others.

Mrs. Peter Monroe is off to Paris - once more - she'll visit her son-in-law and daughter, Commander and Mrs. John Locantour who reside just outside of their fabulous city.

Mr. and Mrs. Walter Dupaque left for Bronxville, N. Y. Monday. - they'll spend the Christmas holidays with their daughter, Mrs. Lorne Hicks and Mr. Hicks.

Weekend guests of Mr. and Mrs. N. L. Carter were the Oglesbees of Denham Springs, La., and Mrs. E. B. Richards of New Orleans.

### Congratulations are due

Our heartfelt congratulations to Mr. and Mrs. Horace Thompson who celebrated their golden wedding anniversary on December 6. The "children" Dot (Mrs. R. G., Jr.) Hubbard and Horace, Jr., surprised their parents with a family party at Horace, Jr.'s lovely summer home on Nicholson Ave.

Birthday greetings to Louise Lynch and Claude Varborough, Jr., both celebrated last Wednesday, Dec. 6 - to A. R. Jenkins, better known as "Slim" - his was on the 11th and to Audrey Cobb, nee Bourgeois. - Audrey observed the big day Wednesday the 13th. The Ed Kreigers, faithful Clermont weekenders, have become grandparents in a big way - daughter Jeanne (Mrs. Paul) Johnson presented them with Kim Marie, born in New Orleans on Oct. 29 - she weighed pounds, 4 ounces. - not to be outdone, daughter Joann (Mrs. Charles) Schilling, gave birth to Miss Kelly Ann on Dec. 3. Kelly also weighed exactly 7 pounds and 4 ounces.

Speaking of weekenders, they were quite numerous - Shirley and Ed Hawkins spent the weekend at their summer home. - they've just returned from Miami, Fla., where they attended a steel convention. - they spent two days deep sea fishing - one member of their party caught a sailfish. - Shirley came up with a wahoo large enough for mounting. - when that procedure is completed it will occupy a place of honor above their mantel.

Other Clermont weekenders included Sidney Thibodeaux of Algiers, La., Laura and Fred Ruger, Josie and Clarence Herbig and Teresa and Bob Schwab and sons. - Seen around Waveland were the George Lott's, the C. R. Mackinsons, the Fred Listers, the Lewis Cahes, the Harry O'Neills and many, many more.

### Bay Side of the News

The very talented Bob Smith has given up her position in Biloxi in order to devote full time to her portrait painting. Mrs. Esther Martinez left Monday for Jacksonville, Fla., where'll she'll visit her son, Hansen Ferrill. Happy birthday to Momi (Mrs. Horace) Kerpoden - Mercedes N. L. Carter and E. N. Spence entertained members of the "birthday group" in her honor Wednesday, Dec. 13. Those eager anglers, Jerome Carver and Alden Maulfry, manage to bring home trout just about every week - they're still attempting to land a large red for court bullion. Our deepest sympathy is extended to George Stevenson on the loss of his sister, Mrs. Ann Stevenson Hagan, who passed away in New Orleans last Wednesday.

### Mystery of the Week

Book, book, who has the book? An Entus Africamus belonging to Belle (Mrs. Clem) Penrose is missing. - part of a set, the small edition, was out of print, was possibly loaned to a friend who just forgot to return same. - and Mrs. Penrose would very much like to have it back in her possession.

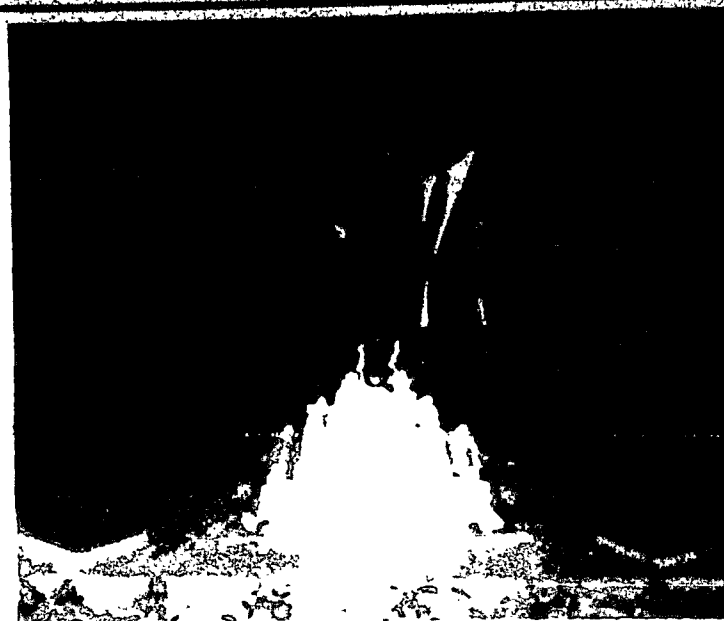

More get well wishes - to Father Costello who entered Hancock General on Monday for a check-up and to Eloise Lader who has a badly infected left foot. - note timothy her trouble began with cut bites.

Sunday just wasn't one of Libby Perry's better days. - she left the Parish Hall dinner on an errand of mercy (she was coaching for more mixed vegetables on the supply was running low). Just as she was passing Haverly's, Pat Smith happened to be backing out - whom. - no injuries and little damage to either automobile. - E. F. Duhin also had slight mishap on Coleman Ave. over the weekend. - a car backed out of a parking space in front of the drug store and dented both doors on the right side of the lovely white auto which he had presented Mrs. Duhin as a golden wedding anniversary gift last spring.

Another bottle knitter to proxy Beverly (Mrs. Mickey) Graham. A reminder to all members of the Lakeshore Garden Club. - don't forget to bring a gift to the annual Christmas luncheon, which will begin at 1 p.m. today, at the Broadview Restaurant.

Lee Moore will desert Coleman Avenue to take over operation of the shiny new filling station nearing completion at the corner of Washington and Third Streets in the Bay.

The Adolph D'Agostini will have as new Master, will be an new holiday holiday - their Orleans. - he's slated to appear on television in an interview during new, professionally known

MR. AND MRS. HORACE THOMPSON

### Thompsons Celebrate 50 Years

Mr. and Mrs. Horace A. Thompson of Nicholson Avenue, Waveland, were married 50 years on Dec. 6. A surprise golden anniversary celebration was held on Thanksgiving Day at the home of their son, Horace Thompson, Jr. The serving table was covered with an embroidered white linen cloth and the four-tiered white gold trimmed anniversary cake flanked with arrangements of yellow mums in crystal containers.

In addition to Mr. and Mrs. Thompson, Jr., and four children, Toppa, who came from Atlanta, Ga., where he is a student at Georgia Tech for the occasion, Carolyn, Bruce and Susan, guests included the honored pet's daughter, Mrs. R. G. Hubbard, Jr., Mr. Hubbard and four of their five children, Bob, a student at Mississippi Southern, Joan, who is in training at Hotel Dieu School of Nursing, Sally, David and Richard. The Hubbard's oldest daughter, Ann, Mrs. Donald Levy of Rochester, Minn., called to extend congratulations.

Mrs. Thompson's sister, Miss Augusta Deck and a friend, Mrs. Bella Greaves of New Orleans, another sister, Mrs. W. H. Parker, her son and daughter-in-law, Mr. and Mrs. W. H. Parker, Jr., and son Billy, from Baton Rouge were also present. Dropping in later in the afternoon were Dr. Adrian Hays and Mrs. Ethel Hays of Waveland, Dr. and Mrs. C. C. Hays, Jr., and daughter, Amy, Mr. and Mrs. Peter Lukinovich and daughters, Mary Cecilia and Kathleen and Mr. and Mrs. James Landry, all of New Orleans.

ing his stay.

Spending the weekend with Nona and Harold Zimmerman were son Harold, Jr., wife Dot and the children of New Orleans. While we're discussing Zimmermans we'll explain the lack of FISHING NEWS - friend Harold has temporarily forsaken angling for hunting - on Monday - he, Fred Bourgeois and Norvin Penrose managed to bag the limit in doves. - More new residents to welcome: Mr. and Mrs. C. J. Miguez and two small sons, formerly of El Paso, Texas, are now making their home on Tide Street.

### On the Avenue

Helen Metayer, very Christ-massy in winter white knit with gay red trim - Edna Varborough, another successful dieter - Helene and Lambert Boyd attending to Saturday tasks, L. I. O. y d Bourgeois chasing with weekend visitors, Lois Varborough and the little Varboroughs, Mrs. Alvin Moore, proudly mailing early on postal authorities suggest, and Bessie DeBlanc who always manages to appear so calm and unharmed. - wonder how she does it?

SIGHTS AND SOUNDS ALONG THE WAY - Christmas trees all over town - some traditionally green, others silver, blue, white and we can't express a slight shadeless, pink children with eddy flames - even pressed against the windows where toys are displayed and the tiger striped black and grey cat who spends hours as Railroad, capo, Central Avenue, waiting for a train to all appearances, and the fascinating holiday candles, paper crinkling, bells clinking and the always wonderful music of Christmas Carols in the air!

ETHEL MARIE THORNTON

### Miss Thornton and Mr. Page To Wed Sunday

Announcement is made by Mr. and Mrs. Elmer Thornton of the engagement of their daughter, Ethel Marie, to James William Page, son of Mr. and Mrs. William Page, all of Bay St. Louis. The wedding is planned at 4 p.m. Sunday at Cedar Point Baptist Church, followed by a reception at the home of the groom-elect's parents on Washington Road.

Miss Delores Ann Thornton will be her sister's maid of honor and Curtis Gene Favre, nephew of Mr. Page, will be best man. Relatives and friends are invited to attend the ceremony. The bride-elect was educated at Bay High School and has been employed at Kern's for several years. Her fiancé also attended Bay High and is now self-employed.

### Miss Backlund Feted at Sweet Sixteen Party

Miss Timell Constance Backlund was honored Saturday at a surprise Sweet Sixteen dinner party. Hostesses were the maternal aunts of the honoree, Mrs. John H. Grumdeyer, Jr., and Mrs. Felix M. Breaux and daughter, Miss Michella Constance Breaux, all of New Orleans. Miss Backlund's home in Gulf Gardens was the setting for the party which 22 guests attended.

A white Irish linen cloth, encircled with pink rosebuds and blue forget-me-nots on a fern background, covered the center table which held the pink and gold Sweet Sixteen basket. Pink tapers in silver holders flanked the pink, white and blue doll cake. Silver trays with pink, white and blue candies and a silver tray of petit fours of the same color scheme completed the table arrangement. Punch was served from a similarly decorated table which also held miniature Christmas angels given as favors.

The honoree's corsage was pink rosebuds, blue ribbon and white sugar lumps. A buffet dinner was served. Out-of-town guests attending were Mrs. Stewart Edward MacLellan and her sons, Ned and Ross, of New Orleans.

## LAKESHORE LOG

BY MRS. MALCOLM GREEN

HO 7-5815

A very happy 12th birthday to Miss Linda Fricke, daughter of Mr. and Mrs. Buddy Fricke of U. S. 90. Linda celebrated quietly Dec. 11, as she is just getting over a very bad bout with the flu. Mrs. Mamie Gerdes Schmidt was buried in Biloxi Sunday afternoon after her death in U. S. Public Service Hospital in Galveston, Texas. Mrs. Schmidt was well known in Lakeshore and was a niece of the late Jeff Bosarge.

Robert (Bobby) Lader is now employed by Industrial Electric in New Orleans, and will work in the Bay plant when it opens. His job at the Whitfield Pulpwood yard is now filled by Victor Necaise, Jr.

Mr. and Mrs. Jim Crouse came over Monday for a six day visit in their home next to ours.

Lots of sickness these days. This is bad croup, and flu weather! Little James O'Farrell has been in Hancock General since last Thursday night but is getting along nicely now. George Montgomery and his son are both very ill and are hospitalized; also Joe Asher father of Mrs. Tommy Layne and Mrs. Jerome Carver. Get well wishes to all.

George and Bertha Lucich are quite happy enjoying a visit from son Oren, who has finished his 12 weeks of boot training at the San Diego Navy Yard. August Usher, Jr., son of Mrs. Mildred Usher, accompanied Oren home. Both will be assigned sea duty together after this leave.

Ran into Uncle Lacy Green Friday buying the makings for hog head cheese. He tells me a little veal with the pork makes it quite tasty.

Miss Allie (Pee Wee) Courge had to be admitted to Hancock General Saturday evening, suffering from injuries received, when she fell down a flight of stairs at Bay High School Friday evening. Her many friends wish her a speedy recovery.

Our Mary Elizabeth has been confined to home with a mild case of the croup, but is feeling better now.

Gulfview School Girls 4-H Club held its Christmas party Friday. Miss Marcia Hughes, home demonstration agent and Miss Gertrude Perkins, Gulfview faculty member, presided. Gifts were exchanged by the number system, and it was quite exciting, as no one knew whose present they would receive. Refreshments of cookies and chocolate milk were served. George Gandy, veteran patient

## St. Joseph Jottings

BY TUNELL BACKLUND

Students returned to school Monday after a three-day weekend. The holiday on Friday was due to the feast of the Immaculate Conception.

The Gold Jays suffered their second defeat in an extremely close game with St. Martin.

S.J.A. participated in the St. Martin Tournament which began on Wednesday night and lasted through Friday night.

Classes ended at 2:15 p.m. Tuesday due to a meeting of students' parents with the teachers. The time of the meetings were between 2:30 and 5 p.m. and 6:30 and 8 p.m. The parents obtained information on their children's progress in their studies and the different scholarships available to them.

The rummage sale sponsored by the Parents Club will be held this weekend. All are urged to attend.

## Teen times

With Santa's arrival drawing nearer each day, it occurred to your reporter that it might be a good idea to take an informal poll in an attempt to ascertain what local teenagers are requesting the jolly old fellow in the bright red suit to place under their trees come Dec. 25. The following are some of the replies we received:

One Rolls Royce, three Jaguars, two Mercedes, 10 stereos (custom built cabinets, and at least \$1,000 worth of records, of course), two European tours, one penthouse apartment complete with swimming pool on the terrace, four diamond studded watches, (platinum, naturally), one mink lined chinchilla coat and one mink with chinchilla lining. To this I have only one standard reply — "People in Hades want ice water!"

Jo Ann McCullough celebrated her 17th birthday with a bang Friday night—Approximately 50 guests enjoyed games, the limbo dancing and refreshments at the McCullough Carroll Avenue home. JoAnn will have a busy holiday season—she is to be a bridesmaid on Dec. 23, when Mary Frances Lohar and Coach Wilmer Seymour are wed at Our Lady of the Gulf.

Gwynell Lagasse has also been a bridesmaid recently—she took part in her cousin Lurline Baus's wedding. Lurline is now Mrs. Charles Sagnet. Pretty Dianne Carver was lovely in a peach de sole gown of palest green last Saturday when she served as maid of honor to her aunt, the former Carol Carver, Mrs. Anthony Trump, Jr.

The Gold Jays of St. Joseph feted members of St. Joseph of Baton Rouge basketball at luncheon Saturday in the school dining room before trouncing the young ladies on the hardwood. Speaking of basketball, Waveland's William Peirce is playing good ball for the Bay High Tigers.

Carist Episcopal's 5th, 6th, 7th and 8th graders chose a beautiful day (Saturday) for their Mustard Bowl conflict. Cheering lustily were eighth grade girls who also were responsible for half-time activities.

## Christ School Pageant Slated

Christ Episcopal Day School will present a Christmas pageant, Christ Is Born, at 8 p.m. today at Bay High Auditorium.

Wyatt Bowman will be the music leader while Joy Sewell will serve as narrator. The entire student body will participate.

## 54 From County at PRJC This Semester

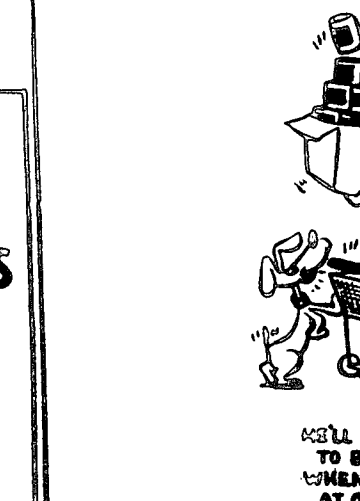

Fifty-four students from Hancock County, 32 freshmen and 22 sophomores, are enrolled for the current semester at Pearl River Junior College at Poplarville.

The freshmen are Woody R. Alliston, Charles B. Benigno, Glenn H. Blatze, Larry E. Breland, Grimshaw Favre, Ronald J. Garcia, William B. Kinzley, Larry A. Lader, Jerry F. Ne-  
Joy Lynn Peterson, Bill Price, Tim Shaw, Edward Thrash, Dennis Peterson, Robert Johnson, Gerard Lader, Ernest Bonvillian, Tim Smoke, Patsy Necaise and Kenny Lader.

FOR HIS NEW HEADACHES — First Sgt. Joseph B. Moore, right, brother of William E. Moore of Bay St. Louis, received a bottle of aspirin to combat the new headaches connected with his recent promotion to E-8 at Ft. Carson, Colo., where he is in Co. A, 1st Training Regiment. His company commander, 1st Lt. Ronald G. Koger, offers the appreciated assistance.

Nita Kay Erwin reports a wonderful weekend as a contestant in the Junior Miss contest in McComb. Judy Williams, Nita's roommate, was chosen to represent Mississippi in the national competition.

Intermediates at First Baptist Sunday School enjoyed a scavenger hunt last Friday night. Members of the Spanish Club are anticipating a Christmas party before the holidays.

Doris Porter, former California women's bowling champ, gave Carolyn Damiens (Echo, Lane Lubbers senior girl's league) some helpful advice following her exhibition matches at Bay Bowling Sunday.

Home ec students are busy making gifts for parents and friends. Some are fashioning elaborately decorated trays and plaques. Seniors will take the Betty Crocker homemaking test today.

Kathleen Schofer attended her first training session in preparation for 1962 Girl Scout Round-up on Sunday at Sacred Heart in Biloxi. Scouts of senior troop 1 are making stuffed monkeys for the annual Toys for Tots program.

Tommy Summers, Ramona Peterson, Bobby Van Colson, Warren Traub, Ramona Russell and Alfred Worn took in the Old Miss-Santa game in Startville last Saturday.

Bay High freshmen girls taking part in the monthly PHA program presented in the auditorium on Tuesday were Linda Hamilton, Gwynell Lader, Linda Jacobs, Constance Necaise, Sandy Fillingame, Geraldine Kidd, Dianne Lader, Addie May Young, Janet Crow, Vernetta Lind and Kappy Clark.

Mary Lou Herlithy, one of the latest "rolling" victims, recently passed her driver's license test.

Bay High seniors expect to receive their rings before the Christmas holidays—they also hope to have their annual school pictures in the next week or two.

A large crowd of girls and boys weekendend at Dielman Center.

Karen Williams assisted by her father and Ann Bryant have collaborated on a new melody. A couple of lines go as follows: "Poor old Red Cat, he was red-got peroxide on his head. . . dum de dum dum. . . etc. . ." (just in case anyone is curious, Red Cat is a dog!)

Some members of the younger set enjoying the Sunday dinner at the parish hall included Mary Lou Herlithy, Ann and Jane Perry, Allison and Mackie Treilles, Elaine Davis, Mickey Ballatin, Kathy and Bobby Saux.

Local gals are jubilant—J. F. Auderer, Jr., has returned from Metuchen, N. J., thus we have another eligible bachelor around town.

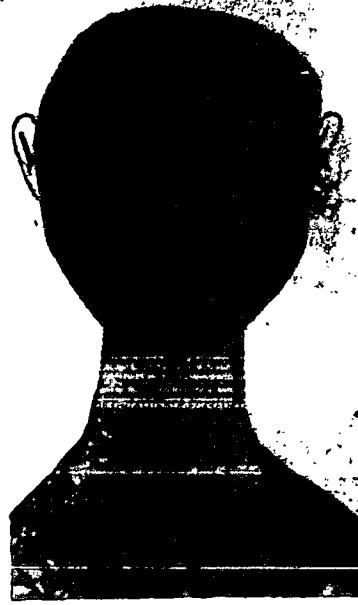

Tunell Backlund, the lucky recipient of an invitation to Les Pierretas Carnival ball is busy deciding what to wear when she attends the affair in New Orleans on Dec. 27.

Which well-known blonde bounded everyone in the town of Waveland trying to find a ride to the SJA-St. Martin game? Could it be because of a leaky, St. Martin boy name Louis?

Congratulations to Freshman Jane Terry who played with SJA's varsity team in their game against St. Martin.

Ann Clark arrived home last Thursday after flying to Houston, Texas, where she plans to attend Rice University following graduation from Bay High. So enthusiastic was she about the school we wonder how she'll manage to wait for September and her first term as an Owl supporter.

Judy Barr's many friends here (the crowned Bay High in her junior year) will be interested-

## Baylor Boosts Dixie Status

Baylor, a representative of the Southwest Conference, gave the football a big boost Saturday afternoon when the Bears defeated previously unbeaten Utah State in the Gotham Bowl in New York City, first of the many major post-season games scheduled for the year end.

Utah State went into the game with a 9-0-1 record and was ranked 10th in the final press polls while Baylor had only a 5-5 record and wasn't even near the top 20. The Utah Aggie went into the game favored by a touchdown, and came out lucky to stay as close as they did. Utah State finished the season as the highest scoring team in the country with a 38.7 points per game average. Aggies were third in rushing offense, third in total offense, second in passing defense, and second in total defense.

Utah State, in marching to an undefeated campaign, won games by scores of 54-6, 34-14, 41-7, 49-3, 69-0, and 65-22. Baylor had beaten 23-13 by Arkansas, 23-0 by Texas A & M team which had beaten three other games, 26-14 by Rice, and 33-7 by Texas. Baylor, Texas Tech, which lost 42-14 to Texas and 42-7 to Rice, and Baylor 19-17.

Baylor played most of the season with injuries to key players. Several performers were still out Saturday. Quarterback Ron Stanley, the SWC passing leader last season, suffered a broken back. Fullback Ronnie Bull, as good a pro prospect as we've seen in years, wore a back brace through it didn't seem to bother his passing ability. Ronnie Goodwin, the leading Baylor halfback and top-notch pass receiver, also saw limited action in the game.

## Pit North vs. South

This was the first of five bowl games which should give a small indication of whether better football is played in the southern United States or the northern United States. In the Gotham Bowl, which is usually seen by only slightly over 15,000 fans at the Polo Grounds, a so-so Southern team beat the highest ranked team in the northwest, a team rated even better than UCLA, headed for the Rose Bowl.

The other four games pitting Southern squads against Northern teams are the Gator Bowl, Miami-Syracuse in the Liberty Bowl, and Kansas-Rice in the Bluebonnet Bowl. Slated this weekend are the Sunbowl and Liberty Bowls.

Tulane and LSU both dropped basketball encounters with Southern Conference opponents Saturday night. Ole Miss and Mississippi State remained unbeaten through Saturday, and Loyola of New Orleans, a major independent, tasted defeat for the second time as the hoop season has moved into full swing.

Tulane, with sophomore sensation Mike Millouhand leading the way, defeated Texas Christian 89-78 last Wednesday but the Greenies were thoroughly beaten 90-65 Saturday night by Texas.

## Greenies Need Defense

We viewed the Tulane-TCU game on television and were amazed at the Tulane offense. The Greenies hit 48 percent of their shots during the first half and most of the shots missed were tip-ins. From outside, Tulane must have hit 60 per cent or more. The second half was just more of the same. Junior Jim Kerwin, on the all-SEC team last year, displayed a deadly jump shot, center Jack Ardon showed he led the SEC in rebounding last year, forward Larry Getts was another good rebounder and proved to have a pretty hook shot, and Millouhand was all over the court, rebounding, stealing the ball from an astonished TCU player, and shooting jump shots with sure accuracy.

The Greenies, even if they do have the best offense in the league, will never win the conference crown unless the defense improves. Only Millouhand showed any defensive ability against TCU and he still needs experience. Ardon takes the ball off the backboard for the Wave, but when the other team doesn't miss, what does that leave? And when the Green Wave offense bogs down, as even the best will do, things get rough. Need proof? Saturday night against Texas.

LSU has a better defense than Tulane but in Saturday night's Rice game, the Tigers didn't have a good defense at all, and fell 89-79. The Tigers have the best backcourt pair in the league in Ellis Cooper and George Nattin, and a good center in Tom Conklin. Bob McLoughlin, at forward, adds depth to the scoring punch. Loyola is a team loaded with sophomores, and by the end of the season, if not sooner, the Wolfpack is going to be heard from. Five sophomores started against Alabama Saturday night. It's not that there are no returning lettermen. The fact is, Loyola's sophomores just hustled the others out of a job. The same crew lost only one game last season as freshmen, winning over 20.

## What About St. Louis?

In professional basketball, the big question right now is: What has happened to the St. Louis Hawks? They have been the top team in the western division of the National Basketball Assn. for years and are stronger than ever this season. They can't win, though. Through Saturday, St. Louis has a 9-16 record and is fourth in the five-team Western Division. The Hawks have played the Chicago Packers, a new franchise made up of second stringers on the other eight teams mixed in with rookies, three times, and have been beaten twice. This is worse than any other team.

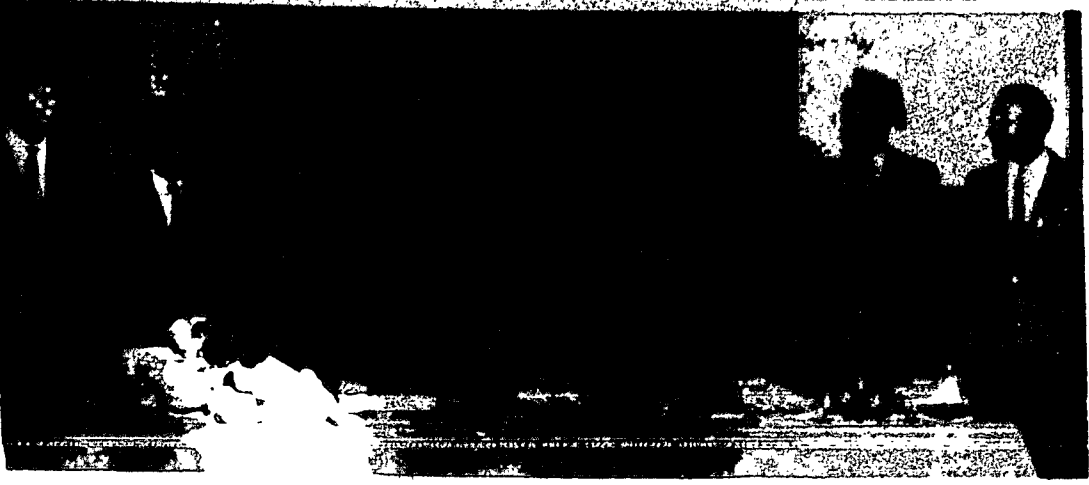

The main trouble with the Hawks, we think, is that they can not put their offense and defense together on one night. One night the Hawks will hold the opposition to 110 points and only score 100 themselves. The next night, they'll score 135 points and give up 140. The Hawks have whom we believe to be the best all-around player in the league in Bob Pettit, an LSU alumnus. Sure, Wilt Chamberlain scores 50 points a game on the average but if Pettit can shoot as much as Chamberlain, he's score that much too. "The Stilt" has to do to dunk the ball, and he's the worst outside shooter in the league.

Two other St. Louis players average over 20 points per game, Hagan and Clyde Lovellette, and backliner Vern Hatten is becoming a top-flight guard. Bench strength is matched only by the Boston Celtics, the finest basketball players in the world. The Hawks will start to roll, and by the time the NBA play begins, St. Louis will be ready to fight.

## We'll Take Fullmer Any Day

Two championship boxing matches were staged last week. Floyd Patterson retained his heavyweight crown Monday with a fourth-round knockout of some unranked guy called McNeely or pretty close to that. Very few people, including some who follow the fight closely, had even heard of the man before he signed to fight. Patterson, and nobody ever should have. On Saturday, National Boxing Association middleweight title Gene Fullmer kayaked Benny Paret in the tenth round.

The two winners reflect as sharp a contrast in two boxers as ever seen. What Patterson expects to gain by fighting inferior fighters like Tom McNeely, we can't see. With every fight, he gains more and more reputation, thus his crowds get smaller, his pocketbook will shrink back to size. Sure, he wins. But Patterson is as good a fighter as is in the heavyweight division until he meets top contender Sonny Liston we give him for being champion of nothing except the National Union of Fighters.

YACHT CLUB OFFICIALS - Members of the board of governors of Bay Waveland Yacht Club pose with Mrs. Richard Hadden, newly elected president of the auxiliary, during annual meeting Saturday night when four new governors were elected and officers named for the coming year.

## Tigerettes Win but Boys' Team Loses

Ocean Springs' Greyhounds pulled away to an early lead and easily defeated the Bay High Tigerettes 47-27 Saturday night at Ocean Springs to hand Coach Wilmer Seymour's Bengal their second setback of the season. Bay High's girls team gained a split of the night's activities with a 61-29 trouncing of the Greyhounds in the first game.

Bay High led during the early moments of the boys' game, but Ocean Springs quickly erased the deficit and opened up a 19-10 first

## K.W. Pepperdene Heads BWYC, 4 Named to Board

Kenneth W. Pepperdene was re-elected commodore of Bay Waveland Yacht Club at its annual meeting Saturday night during which four members were named to the board of governors for two-year terms.

Named to the board were Leo Seal, Jr., Robert L. Hamilton, B. F. Farrelly and James McDonald. Balloting for eight nominees was by mail with results announced at the meeting.

Edward M. Heath was elected vice commodore for the coming year with J. E. Ervin appointed rear commodore for another term. Hamilton was elected treasurer and Otto Schupp named to another term as secretary.

Mr. and Mrs. Joe Kelleher were named honorary life members of the club in recognition of their many years of service. Kelleher was one of the founders and served as secretary for several terms.

A social hour preceded the business meeting with hors d'oeuvres and punch served to members and guests.

## At Gulfport

## Rocks Finish Third

St. Stanislaus Rockchaws captured third place last weekend in the annual Gulfport Tournament, winning a first round game, losing a close decision in the semifinals, and coming back to win the consolation.

The Rockchaws defeated Pascagoula of the Big Eight Conference 41-37 Friday night. Stanislaus took an 8-6 first quarter lead but fell behind 20-6 at halftime. The Rocks shortened the margin to 28-25 after three periods, and with a good fourth quarter took the victory. Waldo Caceres bucketed 14 points for St. Stanislaus to lead the scoring. Noddy Lader was second with 13 points.

St. Stanislaus was defeated Saturday afternoon 44-37 by St. John's of Gulfport. The Rockchaws led throughout most of the contest, but Caceres fouled out late in the third quarter and St. John's came from behind to win with a strong fourth quarter. Mike Gore led the Rocks with 13 points and was closely followed by Caceres with 12 points. Leading St. John's scorers were R. Lader and Moran with 13 points apiece.

The Rocks won the consolation game by downing Notre Dame of Biloxi 53-47. Caceres led Stanislaus with 21 points and Lader clipped in 18. The tournament was won by Gulfport, which beat St. John's in the finals.

Fullmer, on the other hand, will not box anybody except the best. If he can't fight one of the top contenders, he'll go against the champion of another weight class. Fullmer's style does leave something to be desired. He strictly is a brawler, but he wins and wins over the best, and has a better reputation as a fighter than Patterson ever has had. Hall the champ! Gene Fullmer.

## Deer Bagged In First Season

Sixteen deer were reported killed in Hancock County during the first part of the split season ending Dec. 1, according to Game Warden Nolan S. Lechner. Deer season reopens Dec. 26 and runs through Jan. 8.

An 11-pointed buck, shot by Lawrence Loder in the vicinity of the old bombing range, was the largest one killed.
